2021 Product Catalog

Make Their First Bow a Daisy®

Generation after generation, just about everyone takes their first shot with a Daisy® BB gun. So it just makes sense that Daisy® would introduce a youth archery line. Products include a longbow and a compound bow, both recommended for ages 10 and older with adult supervision.

Young archers will have fun, learn valuable skills and gain confidence with each shot. Both bows feature adjustable sights, fiberglass limbs and an ambidextrous shoot-through riser design that keeps the arrow centered on the rest for increased accuracy and safety. The crossbow has a draw weight of 29 lbs. and a cocking stirrup for easier cocking. Each product includes two arrows or bolts.

IT ALL STARTS WITH DAISY.™

YOUTH ARCHERY

26" Target Arrows

Model YA0001

Durable fiberglass shaft arrows feature a non-removable target point. Use with Daisy® Youth Bows and any bow not exceeding 30 lbs. draw weight. Package includes three arrows.

YOUTH ARCHERY LONGBOW

MODEL YA4001

Longbow

Model YA4001

Daisy's Longbow is loaded with features but sized for young shooters just getting started in archery. The riser allows shooters to safely get on target while keeping the arrow centered on the rest. The Daisy Longbow has an adjustable single pin sight that can be positioned on either side of the riser for left or right handed shooters and can be sighted in as close as 6 meters, which is ideal for any beginner archer's first shot. Daisy's Longbow is appropriate for ages 10 and older with adult supervision.

Part No. 964001-403
UPC 039256640012

- Ambidextrous shoot-thru riser for right and left handed shooters
- 10 lbs. (@ 16" draw) to 21 lbs. draw weight
- 24" max draw length
- Fiberglass limbs
- Adjustable single pin sight
- Sights in as close as 6 meters

Includes

- Two 26" fiberglass target arrows
- Arrow quiver
- 3 Finger rollers
- Armguard

YOUTH ARCHERY COMPOUND BOW

MODEL YA4002

Compound Bow

Model YA4002

Daisy's Compound Bow features a draw weight of 13-19 lbs (depending on cam position) and is loaded with features for smaller framed novice archers. The riser makes it easy for both right and left handed shooters to safely get on target while keeping the arrow centered on the rest. The sight and cable guard can be positioned on either side of the bow for left or right handed shooters. The bow can be sighted in as close as 6 meters, which is ideal for any beginning archer's first shot. Daisy's Compound Bow is appropriate for ages 10 and older with adult supervision.

Part No. 964002-402
UPC 039256640029

- Ambidextrous shoot-thru riser for right and left handed shooters
- Right and left cable guard
- 13 lbs. to 19 lbs. draw weight
- 16" to 25" draw length
- 60% let off
- Fiberglass limbs
- Adjustable single pin sight
- Sights in as close as 6 meters

Includes

- Two 26" fiberglass target arrows
- Arrow quiver
- 3 Finger rollers
- Armguard

Ambidextrous Shoot-Thru Riser And Rest Design Increases Accuracy And Safety

Designed for the beginner archer; ideal for all youth.

Young shooters will have fun, learn valuable skills and gain confidence with each shot.

Shoot-thru riser design keeps the arrow centered on the rest.
