Daisy's popular Model 25 Pump Gun, first built in 1914, remained a part of the company's airgun line through 1978. A special Centennial Limited Edition, produced in 1986, commemorated Daisy's 100th anniversary. Today's Model 25 Pump Gun carries on the tradition, with features found on some of the earlier models: Solid wood pistol grip stock and forearm grip, metal construction, removable screw-in shot tube and fully-adjustable, flip-up peep and open rear sights. The Model 25 Pump Gun legend continues.

# MATCH GRADE RIFLES

## Start Your Own Shooting Education Program

Daisy® airguns have been the first gun for most shooters, for 130 years. Today's most-accomplished marksmen and most-successful hunters will tell you they got started in the shooting sports with a Daisy BB gun. It all starts here...with a Daisy.

For youngsters interested in match competition shooting, it all starts with Daisy's 5-meter BB gun shooting education program. Working with premier conservation, civic and religious organizations nationwide, Daisy has developed the curriculum and the products to teach shooting safety and marksmanship skills to hundreds of thousands of young people annually.

These 5-meter match competitors compete not just locally but at the state level to qualify to shoot at the Daisy National BB Gun Championship Match. Held in Rogers, Arkansas, home of Daisy Outdoor Products and the Daisy Airgun Museum, the "Daisy Nationals" is the nation's largest and longest continuously-running BB gun competition.

The road to the "Daisy Nationals," to a college scholarship or to international competition begins with the right equipment, the right curriculum and dedicated coaches. The commitment is great but so are the rewards.

If you'd like to start a 5-meter BB or 10-meter pellet rifle or pistol program, please call our **Special Markets Program Department toll-free at (479) 636-1200**. Additional information can be found on the back cover of this catalog.

The first Daisy Nationals was held July 8th, 9th, and 10th, 1966, in Dayton, Ohio, at the Grand American Trapshooting Grounds. Ohio's Governor was the Chief Honorary Range Officer and teams were housed on Wright Patterson Air Force Base.

The Joplin, Missouri Jaycees BB Gun Team, the "Joplin Jaycees Sharpshooters," who had won their state match in Crestwood, Missouri, became the first national champions. At the opening ceremonies for our 50th annual Daisy Nationals in 2015, we reassembled the members and coach of this first championship team.

The Daisy® Champion Model 499B has been dubbed "the most accurate BB gun in the world." This spring air rifle is used by shooting education programs to instruct youth on shooting safety, safe carries, shooting positions and marksmanship skills. The stained solid wood stock features an "Official Shooting Education BB Gun by Daisy" medallion. This gun is a single shot muzzle-loader designed to be used in a one-on-one coaching situation and comes equipped with a precision micrometer adjustable rear peep sight and a competition sling. The Daisy Champion is the only BB gun approved for use at the premier BB gun event, the Daisy National BB Gun Championship Match. If you're interested in shooting incredibly tight groups at 5 meters with a BB gun or if you're interested in starting a shooting class and competitive team, the Daisy Champion Model 499B is for you.

## Model 1903 Drill Rifle

ITEM No.	991903-401
ACTION	Bolt is the only functional part
SIGHTS	Blade and ramp front, fixed open rear
STOCK/FOREARM	Full-length, black composite stock
OVERALL LENGTH	43.2"

PRICE	\$250.00

At first glance, the Daisy drill rifle looks like a fully functional 1903-A1 Springfield rifle with a black synthetic stock. But the only feature this rifle shares with a firearm is the opening bolt. The design and durable steel components and synthetic stock make this drill rifle capable of withstanding the abuse that is inherent in drill team use.

## 4-H Shooting Sports Programs

Hundreds of thousands of young people annually participate in 4-H Shooting Sports Programs where they are taught the proper handling of airguns, small bore and black powder rifles, shotguns and archery equipment. To help local 4-H Clubs begin programs, Daisy has assembled a variety of shooting education kits containing airguns, ammunition, targets, instructor curriculum guides and more. 4-H training and shooting equipment is one important way Daisy keeps on target with its goal of teaching marksmanship and shooting safety. ## Education. Instruction. Competition.

The American Legion, the National Rifle Association (NRA), the National Guard Youth Marksmanship Program and Daisy have teamed together to make instruction materials and equipment available. This cooperative effort introduces thousands of young people to the shooting sports at more than 16,000 American Legion Posts nationwide. Thanks to their pinpoint accuracy, Avanti's .177 caliber (4.5 mm) Legend 853, Legend EX 853C, 888 Medalist and 887 Gold Medalist are the air rifles most often used in this exciting program. Skills learned there may carry these young shooters on to competitive programs at the local, state and national level.

## Program Development Resource Materials

Daisy and the organizations listed below offer training and education materials for camps, clubs and other associations developing effective airgun training programs. If you're interested, we urge you to take advantage of these materials:
